# GENERAL STATEMENT OF QUALIFICATIONS

---

April 2020

**Covid19 Update?** Not really: thanks to Sierra Nevada Systems, our operations continue: meetings are online, site work takes precautions, but other than that, please continue to rely on us through and beyond this pandemic.

## COMPANY PROFILE

Robison Engineering Company Inc. is an 100% employee-owned, responsibility-driven, multidisciplinary and technologically savvy firm dedicated to directly and personally serving our clients. We are licensed in NV, CA, ID, UT, CO, WA, NM, HI, NJ, FL, SD, TX, SC and Alberta, Canada. The diverse Robison Engineering team thrives on the steep, remote, difficult and lonely.

## SERVICES SUMMARY

### **Civil and Structural Engineering**

- Due diligence, scoping, water rights, land management and GIS
- Municipal site improvements, compliance, and renovation planning and permitting
- Complete site, grading and utility plans
- Hydrologic, hydraulic, and water system design
- [Construction](#) management, inspection, testing and permitting, as-built & contractor support
- [Structural](#) design including commercial, and industrial/mining buildings and foundation design
- Large scale steel structures
- Residential, commercial and industrial architectural and structural design
- Welding, bolting, and other IBC 1704 Special certifications, and inspections

### **Environmental Consulting Services**

- Phase I, II, & III [Environmental](#) ESAs
- NEPA, BLM, & USFS permitting
- Weed control and revegetation
- Stormwater, SWPPP, QSP / QSD support
- Public Water System (PWS) Management

### **Land Surveying, Photogrammetry & UAS**

- Survey & GIS Coordination with environmental, planning and engineering.
- Topographic and ALTA/ACSM [Land Surveying](#)
- Construction layout staking & certification
- [Water Rights Surveying](#)
- Record of Survey, Parcel Maps & Legals
- FAA-licensed Commercial Drone Pilots
- [Unmanned Aerial Survey](#) (DBA Robison UAS) – Regional leader in Unmanned Aerial Surveying (UAS) with our Sensefly eBee fixed-wing and DJI quadcopter unmanned aerial vehicles, we provide precise 3d data, all in state plane coordinates accurately determined by a Land Surveyor, refinable to 0.1-foot resolution orthophotos and ½-foot contours depending on conditions

### **IT Support (dba [Sierra Nevada Systems](#))**

- Custom database programming & training
- GIS & supply chain integration
- Control Systems design & services
- Level 2/Level 3 network planning & support
